The Sacred Efforts were beautiful in the church at Madon, on Saturday, Oct. 5th.

Happy Illustrations by Rev. Geo. Brown, the Methodist Minister.

Speeches by the Pastor and Mr. A. E. Wood, the Building Fund of the Church.

Eight months ago St. Peter's, Presbyterial church at Madon, was badly damaged by fire. Restored and renovated, it was again opened for service on Sunday, the 5th inst. At the morning service the following sermon was preached by the Rev. Principal McVicar, of Montreal University, to a crowded congregation.

In the afternoon at 2 o'clock the Methodist Sunday School united in a service. The church at Madon is a new building, the result of the fire which destroyed the old one.

RECEIVED FRIDAY OCT. 11.  
TAMMIS, NOT FRIDAY!

Under the heading of Mail and Empire has the following scathing comment on the shabby following conduct of Mr. Laurier in the Manitoba school question. Mr. Laurier says he is another Wellington at Terre Vau. The analogy is not quite perfect, because the results of his generosity have yet to be known. Still, there is something in the claim that the hon. gentleman is conducting himself after the fashion of a military commander. He effects sudden changes in his policy, and expects his followers to blindly obey. It is there not to reason why. Moreover, as is the case in war, he has accompanying the regulations of camp followers and plunderers. What an empire there would be if he were to capitulate to the experts who learned their trade from Mercier direct. But apart from these points of resemblance, we have the further fact that the theory of the campaign is purely military. The statesman usually fights in the open for the triumph of some great principle. Mr. Laurier, however, is not concerned so much about the principle as he is to win. In Quebec he pronounced himself "belligerent," according to "Electeur, Tollerator" and "Pacifist," for the reason "establishment of Catholic schools." In Manitoba, on the testimony of the Tribune, the Liberal paper there, he is for private rights. Whereas, in Ontario, he returns before his Wellingtonian defensive lines, pretending that he does not quite understand the question, and calling wistfully for a commission of enquiry. The curious feature of the situation is the circumstance that Mr. Laurier is altogether blind to the immorality of the situation in which he is placed. He evidently thinks that the deception of the public is legitimate in politics just as strategy is right and proper in war.

The entire business is a fraud; its falsehood; its deception of Roman Catholics on the one hand, and of Protestants on the other; its Winnipeg onslaughts upon "French Quebec"; its Quebec attacks upon Orangemen, who, as Tories intimates, are especially opposed; its assertions and its denials—not based upon one set of principles, but simply upon Mr. Laurier's capricious tactics, the tactics of war, devised to outwit the people, and to secure control of the exchequer for the Tories and Parliament of the party. Mr. Laurier has thrown a great light upon the politics of this country. With his aid serious and responsible men, who must have observed with sorrow the danger which threatened the good relations of the provinces through the forcing of the issue into the Federal arena, will be able to more readily make up their minds as to the course they ought to pursue. That they can do so with their confidence the entire politicians who have done so much to produce a religious cleavage, and to weaken the Confederation bonds, will only readily believe.

And the World adds this pithy comment: Mr. Laurier's policy is weak and puny because he runs away from an issue that is fully developed and is changing for settlement. Whatever views Conservatives may have on the controversy, they are united in their readiness to face the issue, and take the consequences. Mr. Laurier would postpone the evil day and keep the country in a prolonged ferment. The present is no time for a "reticent" policy. Mr. Laurier's proposal commission is merely a subterfuge to relieve him of the necessity of fairly and squarely facing the issue.

"PENNY-WISE AND POUND FOOLISH."

Amongst the unwise cutthroats of expenditure which the Council have this year entered in the belief that they are economies, is the removal of the telephone from the sheriff's and other offices. In this, as in other matters, the Council will find that a mere restriction of expenditure does not mean a saving of money. The courts, for instance, entail so large an expenditure that the time lost in securing the attendance of dispirited witnesses or counsel by detaching messengers, when a telephone call would have the desired effect, would be much more costly than the rental of a telephone in the office of the sheriff. Moreover, the amount of business with the sheriff and other officers in the court house is so great as to render the use of a telephone necessary. It is to be hoped that the Council will, at their next meeting, exercise a wise liberality in the premises.

## EDITORIAL BRIEVITIES.

Did the Grit tariff make you rich?

Will the Ontario office retract its statement that the INTELLIGENCER has "defended and hidden" the corruption of Thomas McGreevy or any other person who has been proven guilty before any court or other competent authority of our province, or bribery in connection with public affairs, or have that statement charged as it deserves? The Ontario is probably now over the course of its daily attempt to whitewash Grit corruption at Kingston, in face of the strong condemnation which the judges consider necessary. But it must not measure our grain in its own half barrel. Now, Mr. Ontario, produce your evidence in support of your assertion or confess that it was unfounded.

## A Pithable Position.

(Mail and Empire.)

Mr. Laurier opened his Ontario campaign at a meeting held at Kingston, Ontario, on Monday evening, October 8th. He addressed the audience, who were gathered in the large hall of the Hotel Kingston. His speech was a masterpiece of pith and force. He dealt with the Manitoba school question, the Ontario education bill, and the general state of the country. He was warmly received, and his speech was a great success.

In his discourse of yesterday, the leader asserted that the Ministerials were calling on the people to express their opinion by voting. He said that he had declined to do so, and that he was now calling on the people to do so. He said that he was now calling on the people to do so, and that he was now calling on the people to do so.

Mr. Laurier has pronounced himself belligerent for the reason "establishment of Catholic schools." In Manitoba, on the testimony of the Tribune, the Liberal paper there, he is for private rights. Whereas, in Ontario, he returns before his Wellingtonian defensive lines, pretending that he does not quite understand the question, and calling wistfully for a commission of enquiry.

## DIVORCE FOR THE LADY.

Mrs. Langtry Enters Suit for Absolute Divorce from Her Husband.

A New York Times reporter has been told that Mrs. Langtry has filed a bill for absolute divorce from her husband, Mr. John Langtry, in the Supreme Court of New York. The grounds for the divorce are alleged to be the husband's adultery and cruelty.

The primary cause of the divorce is said to be the husband's adultery. It is alleged that Mr. Langtry has been living with a woman named Mrs. John Langtry for some time. The divorce is said to be a surprise to many people, as Mrs. Langtry is generally considered to be a devoted wife.

Mrs. Langtry is said to be a woman of great beauty and intelligence. She is the daughter of a wealthy family, and has been married to Mr. Langtry for some years. The divorce is said to be a result of the husband's infidelity and cruelty.

## Daily Intelligence.

Belleville Saturday, Oct. 19.  
THE Y. M. C. A.

This organization occupies a particular  
field in itself. It is or should be, the  
home for the young men of the city, and its  
influence for good is incalculable. The  
future prosperity of the nation depends  
upon the trend of morality in the youth  
of the present age, who will soon take  
upon themselves the management of affairs,  
when their present training the young  
men and thirty century of ours will  
depend. There is only one such institution  
in this city of ten thousand inhabitants and  
it does seem strange that, whilst the well  
oil doors of dozens of saloons swing open  
nightly to beguile the youth, this institute  
should be allowed to languish for funds to  
keep it as it should be, in a flourishing  
condition.

Belleville is noted for its spirit of  
generosity, where the young are constantly  
opened wide for the heathen of China,  
Japan, Africa and unheeded foreign lands,  
which possibly may be a good thing; but  
in this giving it seems to ignore such an  
institution at home, which has the first  
claim upon our generosity.

In many cities, no larger than this,  
the Y. M. C. Associations have buildings of  
their own, the free gift of the people, who  
appreciate the benefits of such institutions,  
which have it direct and a constant  
custodian in rental apartments. The  
ladies, always to the front in true christian  
charity, have done much to make the  
rooms what they should be, and now it  
stands with the fathers in their city, and  
they will not place it in the position of  
financial property which such an institution  
deserves.

## ITS TWENTY-FIFTH ANNI- VERSARY.

On to-morrow will occur the twenty-  
fifth anniversary of the opening of the  
Ontario Institution for the Education of  
the Deaf and Dumb. The institution,  
which was located here by the Sandfield  
McDonald Government, has proved one of  
the most worthy and valuable of the  
establishments designed by the McDonald  
Administration for the education of the  
afflicted classes in our province. It has been  
at all times well administered, it has con-  
sequently risen in public favor, and it has  
grown to a size and achieved a degree of  
efficiency that render it second to no  
institution elsewhere. To Super  
intendent Matheson, Prof. Coleman and  
his staff in general are the credit due for  
this gratifying state of affairs; and all  
connected with the school are ever active  
in the interest of their afflicted charges.

Who who took part in the proceed-  
ings at the opening many have passed away  
—the most prominent amongst whom,  
speaking from memory, are the Hon. John  
Sandfield McDonald, Hon. E. D. Wood,  
Hon. Billa Flint, Henry Corry, M. P., C.  
Graham, M. P., P., and the B. P.,  
M. P., P.—the head of the Government  
and the members for  
the county, who were present at the  
location of the institution at Belleville—  
Alex. Robertson, Mayor and afterwards  
M. P., P. and M. P.—whilst of  
the staff of the establishment  
three remain, as the late given below  
show, namely, Prof. D. R. Coleman, M. A.,  
head of the teaching staff; Mr. Ter-  
rell, the respected teacher, who still pur-  
sues his life work amongst the pupils; and  
Mr. Harry McEwen, the faithful night  
watchman.

The Intelligence extends its hearty  
congratulations to all concerned in having  
brought about the quarter century of use-  
fulness which the institution has enjoyed,  
so greatly to the benefit of the province and  
to people.

Following is a complete list of the staff

A CURE for Rheumatism is now found by the use of Scott's Sarsaparilla. It is a powerful blood purifier and cleanser. It is a powerful blood purifier and cleanser. It is a powerful blood purifier and cleanser.

"THE KING THAT CURES"

Thus the whole line of rheumatic disease over their being is an affected circulation of impure blood. No person can suffer a rheumatic pain that has a free and equal circulation of pure blood, and this is the reason why Scott's Sarsaparilla cures the supposed intractable case. It eradicates all rheumatic poisons and sets free the blood and equalizes the circulation.
